

Library Photography and Video Policy

The library has a significant interest in maintaining an environment that allows patrons to freely access library information and resources. This requires the library to maintain policies that protect the privacy of its patrons and staff members and ensures their freedom from harassment, intimidation and threats to their safety and well-being. In order to provide appropriate safeguards against such behavior and enforce policies and procedures addressing that behavior when it occurs, the library has adopted the following policy regarding the taking of photographs or videos inside the library building.

GENERAL POLICY

Permission is not required for taking photographs or videos in public areas of the library building for personal, noncommercial use if no tripods, lights, or other specialized equipment is used. However, there are library locations where the taking of photographs or videos is restricted or prohibited (i.e., restrooms, rooms reserved for nursing, childcare areas, meeting rooms that are reserved). Taking photographs or videos of, or in, areas reserved for staff use only is also prohibited. If tripods, lights, or other specialized equipment is to be used, requests must be approved by library staff in advance. Persons taking photographs and videos shall not:

- Compromise a patron or staff member's right to privacy
- Harass, intimidate or threaten a patron or staff member
- Block library aisles, walkways, stairwells, doors or exits

EXTERIOR PHOTOGRAPHY & VIDEOS

Taking photographs and videos outside of the library building and/or of the library grounds does not require permission. However, the activity may not impede the ingress or egress of patrons or staff to or from the library building.

COMMERCIAL PHOTOGRAPHY & VIDEOS

The library may permit use of its facilities for the taking of commercial photographs or videos if the project does not interfere with the mission of the library and is in accordance with the rest of this policy.

PHOTOGRAPHY & VIDEOS OF MATERIALS & RESOURCES

The library permits the taking of photographs and videos of its publicly available collections. However, patrons are solely responsible for obtaining consent or other permission when taking photographs or videos of copyrighted materials.

LIBRARY PHOTOGRAPHY, VIDEOS & RECORDING

The library may take photos, videos and audio recordings at the library and during library events to use in its publicity materials and on its website and social media sites. The library reserves the right to document its services and the public's use of the library building and grounds. These photographs, videos and audio recordings may be copied, displayed, televised and published (including on any library web site or social media site). Any individual that does not wish the library to use a photograph or video of them or their child should inform a library staff member prior to or while such photographs or videos are being taken.

LIBRARY BOARD MEETINGS

Pursuant to the Louisiana Open Meetings Act, any person may record the proceedings of the Library Board and other meetings required by the Act to be open to the public. The recordings may be made by tape, film or other means and shall not disrupt the meeting or create a safety hazard.

LIABILITY

Persons involved in taking photographs or videos are solely liable for any injuries to persons or property that result from their activities on library property. They also have sole responsibility for obtaining all necessary releases and permissions required by law from persons who can be identified in any photograph or video or for copyrighted materials. The library undertakes no responsibility for obtaining these releases or permissions.

COMPLIANCE WITH POLICY

The library reserves the right to ask any individual or group violating this policy to cease the taking of photographs or videos.
